Zone Executive Recognition Award

This is a new recognition award which may be presented to any individual for extraordinary effort on a specific project or for work in general on behalf of the Zone. It is the executive's vehicle to recognize and thank individuals for their efforts that would not normally be covered by other formal awards.

It is with great pleasure that we recognize the efforts of an individual patroller who has been tirelessly working on creating a program to help with the Zone Scheduler in producing cleaner, quicker our weekly newsletter (BTW) and our zone website.

Charlie Turner

Zone Honourary Award

We would like to thank **Charlie Harris** for lending us his farm trailer every year to build our float in the Santa Claus parade.

Thanks to Charlie, our float has brought smiles to thousands of smiling faces every Christmas season, and we hope to keep the tradition going for many more years.
