*"The **Canadian Ski Patrol** is committed to delivering high quality programs, particularly with respect to education and safety, and the delivery of professional treatment to the public on or off the snow."*

### **Snow Angels 2018**

Saturday, Feb 3rd at 1pm sharp hills across Ontario and in Kawartha Zone will be joining Canadian Ski Patrols across Canada in the Guinness book of World Records challenge of largest number of people making snow angels all at the same time!

15,851 is the goal to beat and we are building up great momentum to do so! We have 3 hills in Kawartha attempting it - Dagmar, Brimacombe and Devil's Elbow and we may get a few more as the date rapidly approaches

What better way than to spend your Canadian Ski Patrol Day with your fellow patrollers doing a fun snow activity with fellow snow enthusiasts!! It is a great way to promote who we are and spread our love of the snow and who we are.

Contact your patrol lead if you want to come help out or if you have any students needing volunteer hours as we do need people to help us make the official count.

Stay tuned for some fun messages from our Snow Angel crew Jenn Delaney and Paul Lewis !! Keep the date for this great winter activity and help us celebrate the Canadian Ski Patrol.

Our new logo is seen as a milestone in the history of this great organization. It embodies a modern, relevant and professional look while respecting CSP roots, celebrating Canadian heritage and showcasing the delivery of advanced first aid. It's a revitalized look that reflects a boldness, professionalism and can-do attitude; integral elements of the CSP now and into the future.
